MAYOR

Proclamation

National Phlebotomy Technicians Recognition Week

June 23 – 27, 2025

WHEREAS this week we recognize the vital role of phlebotomy technicians in Canada's healthcare system.

Phlebotomy technicians are frontline healthcare professionals who specialize in accurate collection and processing of patient specimens, which help to diagnose health conditions and illnesses and are used for blood donations, transfusions, and research. Their work significantly contributes to positive patient outcomes and is integral to the smooth operation of healthcare facilities.

This year's theme "Precision in Every Drop, Care in Every Touch," highlights phlebotomy technicians' dual role as skilled technicians and patient-centered care providers. It also celebrates their unwavering commitment to providing quality healthcare and compassionate patient care across our city and country.

The City of Toronto acknowledges with gratitude the valued contributions of all those whose hard work and dedication improve the health and well-being of our residents.

NOW THEREFORE, I, Mayor Olivia Chow, on behalf of Toronto City Council, do hereby proclaim **June 23 – 27, 2025** as "**National Phlebotomy Technicians Recognition Week**" in the City of Toronto.

A handwritten signature in blue ink, appearing to read "Olivia Chow".

Olivia Chow
Mayor of Toronto
