

OFFICE OF THE MAYOR
CITY OF HAMILTON

June 22-26th, 2026

On behalf of the City of Hamilton, I am pleased to extend warm greetings to all those celebrating National Phlebotomy Technicians Recognition Week from June 22–26, 2026.

This special week provides an opportunity to recognize the invaluable contributions of phlebotomy technicians who play a critical role in our healthcare system. Through their skill, professionalism, and compassionate approach to patient care, they help ensure the safe and accurate collection of blood specimens that are essential for diagnosis, treatment, and disease prevention.

Hamilton is home to a dedicated healthcare community committed to improving the well-being of residents every day. Phlebotomy technicians are an important part of that community, supporting patients, physicians, nurses, and laboratory professionals while often serving as a reassuring presence during healthcare visits.

To the phlebotomy technicians serving in Hamilton and across Canada: thank you for your commitment to excellence and for the care and compassion you bring to your work. Your contributions help strengthen our healthcare system and make a meaningful difference in the lives of countless individuals and families.

Yours Sincerely,

A handwritten signature in black ink, reading "Andrea Horwath".

Andrea Horwath
Mayor, City of Hamilton
